

## Follow Up Report – Convention 2018

For all FEBC churches

7/19/2018

Greetings!

*I ask that each church consider spending a few moments in an upcoming worship service to share about our fellowship convention which was held last week. If you wish, you could simply read the text below:*

Your annual Fellowship convention was held from July 12-15 at Dalmeny Bible Church in Saskatchewan, Canada. The host church did a marvelous job and our delegates were very well treated!

Delegates from 22 churches across Canada and the United States joined for this event, which included important business, fellowship and training. We were pleased to recognize one delegate from a brand new FEBC church plant – Bridge City Bible Church.

The theme for this year was “Caring Enough to Connect,” and we heard about how important it is to be connected with our community, with our body of believers and with other churches. One notable presentation involved Sean Brandow sharing how his connection with the hockey team in Humboldt has led to many opportunities to share the Gospel. The attached picture shows FEBC delegates surrounding Sean with support as many sport their favorite team jersey.

Delegates participated in brainstorming sessions about how the FEBC can improve and received great teaching in the areas of missions, small groups, church plants and other important issues. They also conducted important business, such as passing the budget for next year and awarding educational scholarships to worthy recipients.

One recurring comment from delegates was that more people would enjoy convention if they would just give it a try. We are already planning how next year’s event can be even more beneficial to church workers and laypeople alike. Please watch for more information and consider whether you can attend our 2019 convention.

Thank you for your part in the FEBC. May God bless your local ministry!

Kevin Stone  
President
